### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Thomas Edginton on March 03, 2005.

Claims 27-29 have been canceled.

2. The following is an examiner's statement of reasons for allowance: claims 1, 6, 7, 13-15 and 21-26 are allowable for setting forth a machine for slitting a material sheet comprising a frame, an upper drive shaft assembly and a lower drive shaft assembly mounted for rotation in the frame, a drive motor coupled to the upper and the lower drive shaft assembly, inter and outer pairs of upper rail supports, inter and outer pairs of lower rail supports, a plurality of knife holder assemblies supported by the frame and plurality of rotary knives each being mounted in one of the knife holder. The lower and the upper drive shaft assembly comprise a plurality of drive shaft sections each being coupled through a coupling mechanism to an adjacent drive shaft section for rotation. For example, Anderson et al. (4,627,214) teach a machine for slitting a material sheet comprising a frame, an upper drive shaft assembly and a lower drive shaft assembly mounted for rotation in the frame, a drive motor coupled to the upper and the lower drive shaft assembly, inter and outer pairs of upper rail supports, inter and outer pairs of lower

rail supports, a plurality of knife holder assemblies supported by the frame and plurality of rotary knives each being mounted in one of the knife holder. Anderson et al. fail to teach the lower and the upper drive shaft assembly comprising a plurality of drive shaft sections each being coupled through a coupling mechanism to an adjacent drive shaft section for rotation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
